Residential Camp survey:

Dear Parents and Carers,

We have reviewed the responses and the majority of parents are generally in agreement with the proposals we shared:

- **Y6 children's camp** will continue in the same format– although we will look at alternative provision / opportunities, keeping the cost of this in mind.
- **Y4 children** will no longer have a residential trip. We would like them to experience some physical challenges similar to those at the camp – but much more local. These would be made up of some different experiences. It may involve a 'camping' night at school. The reduced cost of this would mean there was still scope for another trip or event in school in the year. Alternatively they could have the option of different trips/ events across the year that are linked directly to their learning.
- **Y2 children** would have a range of trips across the year that would be directly linked to their themes. This would spread the cost (it may even be a little cheaper), give a range of experiences that they can still be excited about and also improve the links to their learning.

We will therefore be continuing with these proposals. The immediate focus will be on planning the experience for Y4 children and sharing that with Y4 parents asap.

Many thanks for your time and views.

Best wishes

David Forrester
