

My Lockdown Keepsake Book

2021

This is me!

Name: Nadia

Age: 8

Date: 31.3.2021

Coronavirus.....What is it?

It is like a nasty cold or flu. We all have to stay at home so we don't catch it and pass it on to people who are already ill or old in case it makes them very poorly. People are worried that if everyone gets poorly at the same time there won't be enough space in hospital. This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. SO how are you feeling?

What will you remember about Lockdown?

I will remember Lockdown because it's a time when schools weren't open and you couldn't meet up. You also couldn't see your family. You were only allowed to go out once a day.

This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. SO how are you feeling?

I am feeling elated and sad because when we're at home with our family, we don't see our friends often like in school so that's why I'm sad and I love school as much as I love being home with my family. I also feels elated because we get to have more time with our family.

What will you remember about Lockdown?

I will remember that we are not alone, we always have friends and familys from home or friends from teams meetings and chat.
