This is me!

Name: Noah [redacted]

Age: 9\_\_\_\_\_

Date: 5.3.21\_\_\_\_\_

## Coronavirus.....what is it?

It is like a nasty cold or flu. We all have to stay at home so we don't catch it and pass it on to people who are already ill or old in case it makes them very poorly. People are worried that if everyone gets poorly at the same time there won't be enough space in hospital. This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. So how are you feeling?

angry  
amused

frustrated

1/2 happy no school  
2/2 not miss uniform  
1/2 sad miss people  
2/2 friends

What will you remember about Lockdown?

Nana got a puppy called Daisy  
we got a ps4 (play with friends online)

No school uniform (school uniform uncomfortable)

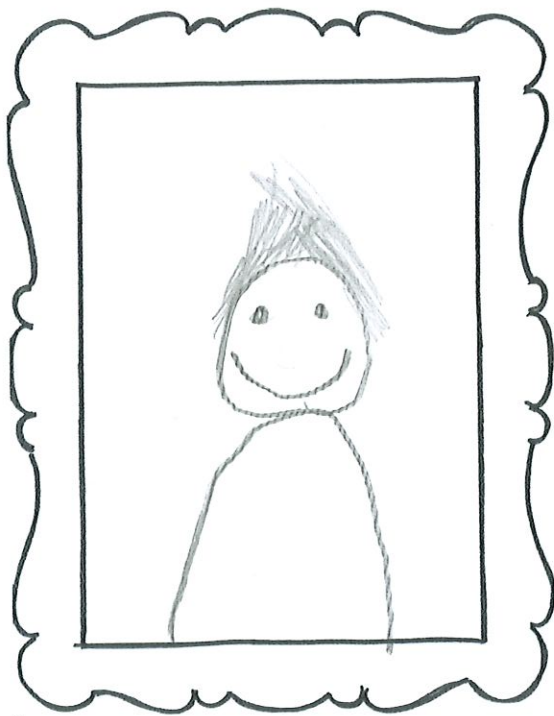

haircuts by my dad (don't like hair cutters so hair long)

stay up (midnight) new year

christmas at grandparents

## Coronavirus.....what is it?

It is like a nasty cold or flu. We all have to stay at home so we don't catch it and pass it on to people who are already ill or old in case it makes them very poorly. People are worried that if everyone gets poorly at the same time there won't be enough space in hospital. This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. SO how are you

feeling?  
Im feeling very

Im feeling very lucky because I find some  
Book Money ethung

What will you remember about Lockdown?

Food Because were guna be hungry or  
no drinks be boring by something.

### Coronavirus.....what is it?

It is like a nasty cold or flu. We all have to stay at home so we don't catch it and pass it on to people who are already ill or old in case it makes them very poorly. People are worried that if everyone gets poorly at the same time there won't be enough space in hospital. This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. SO how are you feeling?

Lock down gave me lots of time to think and now I look at the world differently, I appreciate the teachers a lot more and I changed a lot from my 2018 me. Lock down also let me have lots of time to make new games and go back to my memories. I really have mixed feelings about lockdown.

What will you remember about Lockdown?

I will remember all the new skills, training, techniques, art work and family time as it has been around a year at lockdown.

had because I couldn't go and see all my friends but now I feel happy because I'm going to school

What will you remember about Lockdown?

I will remember all about how much time I've spent with my family and had fun with them and playing on my ps4

## Coronavirus.....what is it?

It is like a nasty cold or flu. We all have to stay at home so we don't catch it and pass it on to people who are already ill or old in case it makes them very poorly. People are worried that if everyone gets poorly at the same time there won't be enough space in hospital. This means we have to help to slow the spread of the virus to help people that we love and the nurses and doctors working hard.

Having so much time at home gives us lots of time to think about ourselves and our feelings. SO how are you feeling?

Lately I have been feeling excited because soon I will be going back to school. The main thing about lockdown for me is that it's like your social life has been completely erased from your world which usually makes me lonely and bored! But luckily I've got an amazing thing to keep me company. Board games are super fun especially at the moment because it's just something to do! Daily exercise and walks are important and I'm going to go on a walk later. I'm enjoying drawing and making up characters with different names and background stories. ♡ ♡ ♡

What will you remember about lockdown?

I will remember seeing my friend Eleanor and chatting over the fence to her exploring new areas for walks and realising that days out to theme parks, shops and other places are more special than you think they are. You only realise what it's like when things are missing when they are taken away.
